Problem solving

Attention to detail

Compassionate veterinarian with 6+ years' experience, skilled in working with both companion animals and livestock. Seeking opportunity to leverage critical care and surgical experience in helping the Paws/Play Clinic offer the best possible patient outcomes. At the Kenyon Vet Clinic, secured \$1,000+ per month in commissions while increasing companion-animal immunization rates by 34%.

## Experience

- 2018-06 - present

**Veterinarian**  
*Kenyon Vet Clinic, MN*
  - Increased immunization rates for companion animals by 34% through an informal information campaign.
  - Maintained high customer satisfaction rates leading to a 17% increase in revenue for the clinic.
  - Performed 6–8 minor surgeries per day with fewer than five cases of serious complications over a 20-month period.
  - Negotiated contract with three local pet-food and animal-feed producers, bringing in \$1,000+ per month in commissions.
- 2015-04 - 2018-05

**Veterinarian**  
*The Grand Kenyon Vet Clinic, MN*
  - Led local efforts to boost sterilization rates, saw 500+ additional companion and abandoned animals sterilized in the first year.
  - Performed an average of at least one major surgery a day with a mortality rate 33% below the clinic average.
  - Reduced unnecessary diagnostic procedures by 5% without negatively affecting patient welfare.
  - Reported attempted bribes at three intensive piggeries and refused to certify their animal welfare claims.

## Education

- 2011 - 2015

**Doctor of Veterinary Medicine (DVM)**  
Missouri University, St Louis, MO
  - Specialized in critical care.
  - Won the Dr Alfred Langer Volunteerism Award, 2015
- 2008 - 2011

**BS in Animal Sciences**  
Missouri University, St Louis, MO
  - Pursued a passion for behavioral science coursework.
  - Maintained a 3.96 GPA.

## Certifications
